Just Let Us Know!

This is an invitation from the
Daly City Record to any local
man in Uncle Sam's armed
forces, or his "home folks" to
let us know of promotions and
activities that would be of in-
terest to Daly City readers.
We are always happy to pub-
lish such news. Since only a few
of the training camps and offi-
cers' schools have public rela-
tions officers, we do not hear
directly of many such promo-
tions unless the men or their
families themselves tell us.

When "Johnny" or "Joe" be-
comes corporal or goes off to
officers' training school, let us
know. Phone RANDOLPH 3215.
That's NEWS to Daly City. In
addition, our long-ago offer to
send The Record free to any
man fighting for Uncle Sam
still holds. Just let us know
your name and address.

LIBERTY LIMERICKS

A real estate man from South Bend
Said—"We'll bring this war to an end
If all of us sign
On that old 'dotted line'
When Uncle Sam asks us to lend."

Our land will be worth a lot more if it's kept free! Help your country reach its War Bond quota... put 10% of your income into War Bonds every day!

U. S. Treasury Dept.

Are you entitled to wear a "target" label button? You are if you are investing at least ten percent of your income in War Bonds every day. It's your badge of patriotism.

Vitamins, minerals, and proteins abound in this easy-to-prepare, appetizing beverage. Serve it with whole wheat crackers and cheese for a delicious, satisfying, and nutritious luncheon.

If you are running your household with one hand and doing a hundred-and-one volunteer defense activities with the other, remember that to keep up this schedule indefinitely, you must eat three well-planned meals every day.

Nine times out of ten, mothers eat with their families at breakfast and dinner, and if they are at home alone at noon, especially if they are getting ready to dash off to a committee meeting, disregard the importance of luncheon.

If you are in this group make a new resolution. Be sure to take time out every noon to eat luncheon, not an elaborate meal, however, that takes much preparation, but a few well-chosen dishes selected from the list of foods our Government has asked us to eat daily for the maintenance of good health.

A supply of the following can be kept on your pantry shelf or in

your refrigerator. A combination of two or three will yield a quickly prepared nutritious luncheon: Condensed soups that can be mixed with equal portions of milk and heated; cheese; whole wheat crackers; fruit juices; canned fruits or fresh; milk, and eggs.

Honeyed pineapple juice egg drink is a delicious easy-to-prepare beverage which, when served with whole wheat crackers and cheese, makes a tempting, satisfying, and nutritious luncheon. Prepare it this way: For one serving, beat one raw egg until thick and lemon-colored, add one tablespoon honey and one tablespoon lemon juice, continue beating until well-blended. Pour into a very tall glass. Add one cup canned unsweetened Hawaiian pineapple juice. Stir with a spoon and serve at once. No ice is needed in the beverage if ingredients have been stored in the refrigerator.

FREEDOM DEPENDS ON FREE PRESS

In a recent address in New York City, Dean Carl W. Ackerman of Columbia School of Journalism, pointed out the dangers in restricting freedom of the press as is now being attempted in suit filed by the Department of Justice against the Associated Press and 1,875 daily newspapers.

"If those who are determined to freeze the press, succeed in achieving their objective, we may have freedom of speech, but be deprived of freedom to speak, because the facilities and instrumentalities of communication will be frozen for the duration and only those governmental officials and agencies beyond censorship control will be able to use them."

"Under the cloak of war emergency, the American way of life is being profoundly changed by law, by directives, by executive orders, by judicial decisions, by consent decrees and by accomplished facts which the people are told about after the events."

Dean Ackerman pointed out that insofar as censorship of war activity was necessary to the success of war plans, no one has a right to object and no journalist would purposely give aid or comfort to an enemy, but he said the present attack on the press "has no justification whatsoever by the necessities of war. The object of that suit is not to preserve the freedom of the press but to freeze the press into a new mold, not during the war but in perpetuity."

And in that last sentence Dean Ackerman points out a growing danger to freedom in the United States—freedom of the individual, freedom of industry and freedom of economic progress. The loyalty of our people and their willingness to give their sons, their daughters and their worldly possessions to once and for all stamp out the threat of foreign dictatorship in America, must not be used as a screen behind which political agencies can freeze the nation into a new mold of restricted rights after the war.

Ask Women To Knit Wool Watch Caps

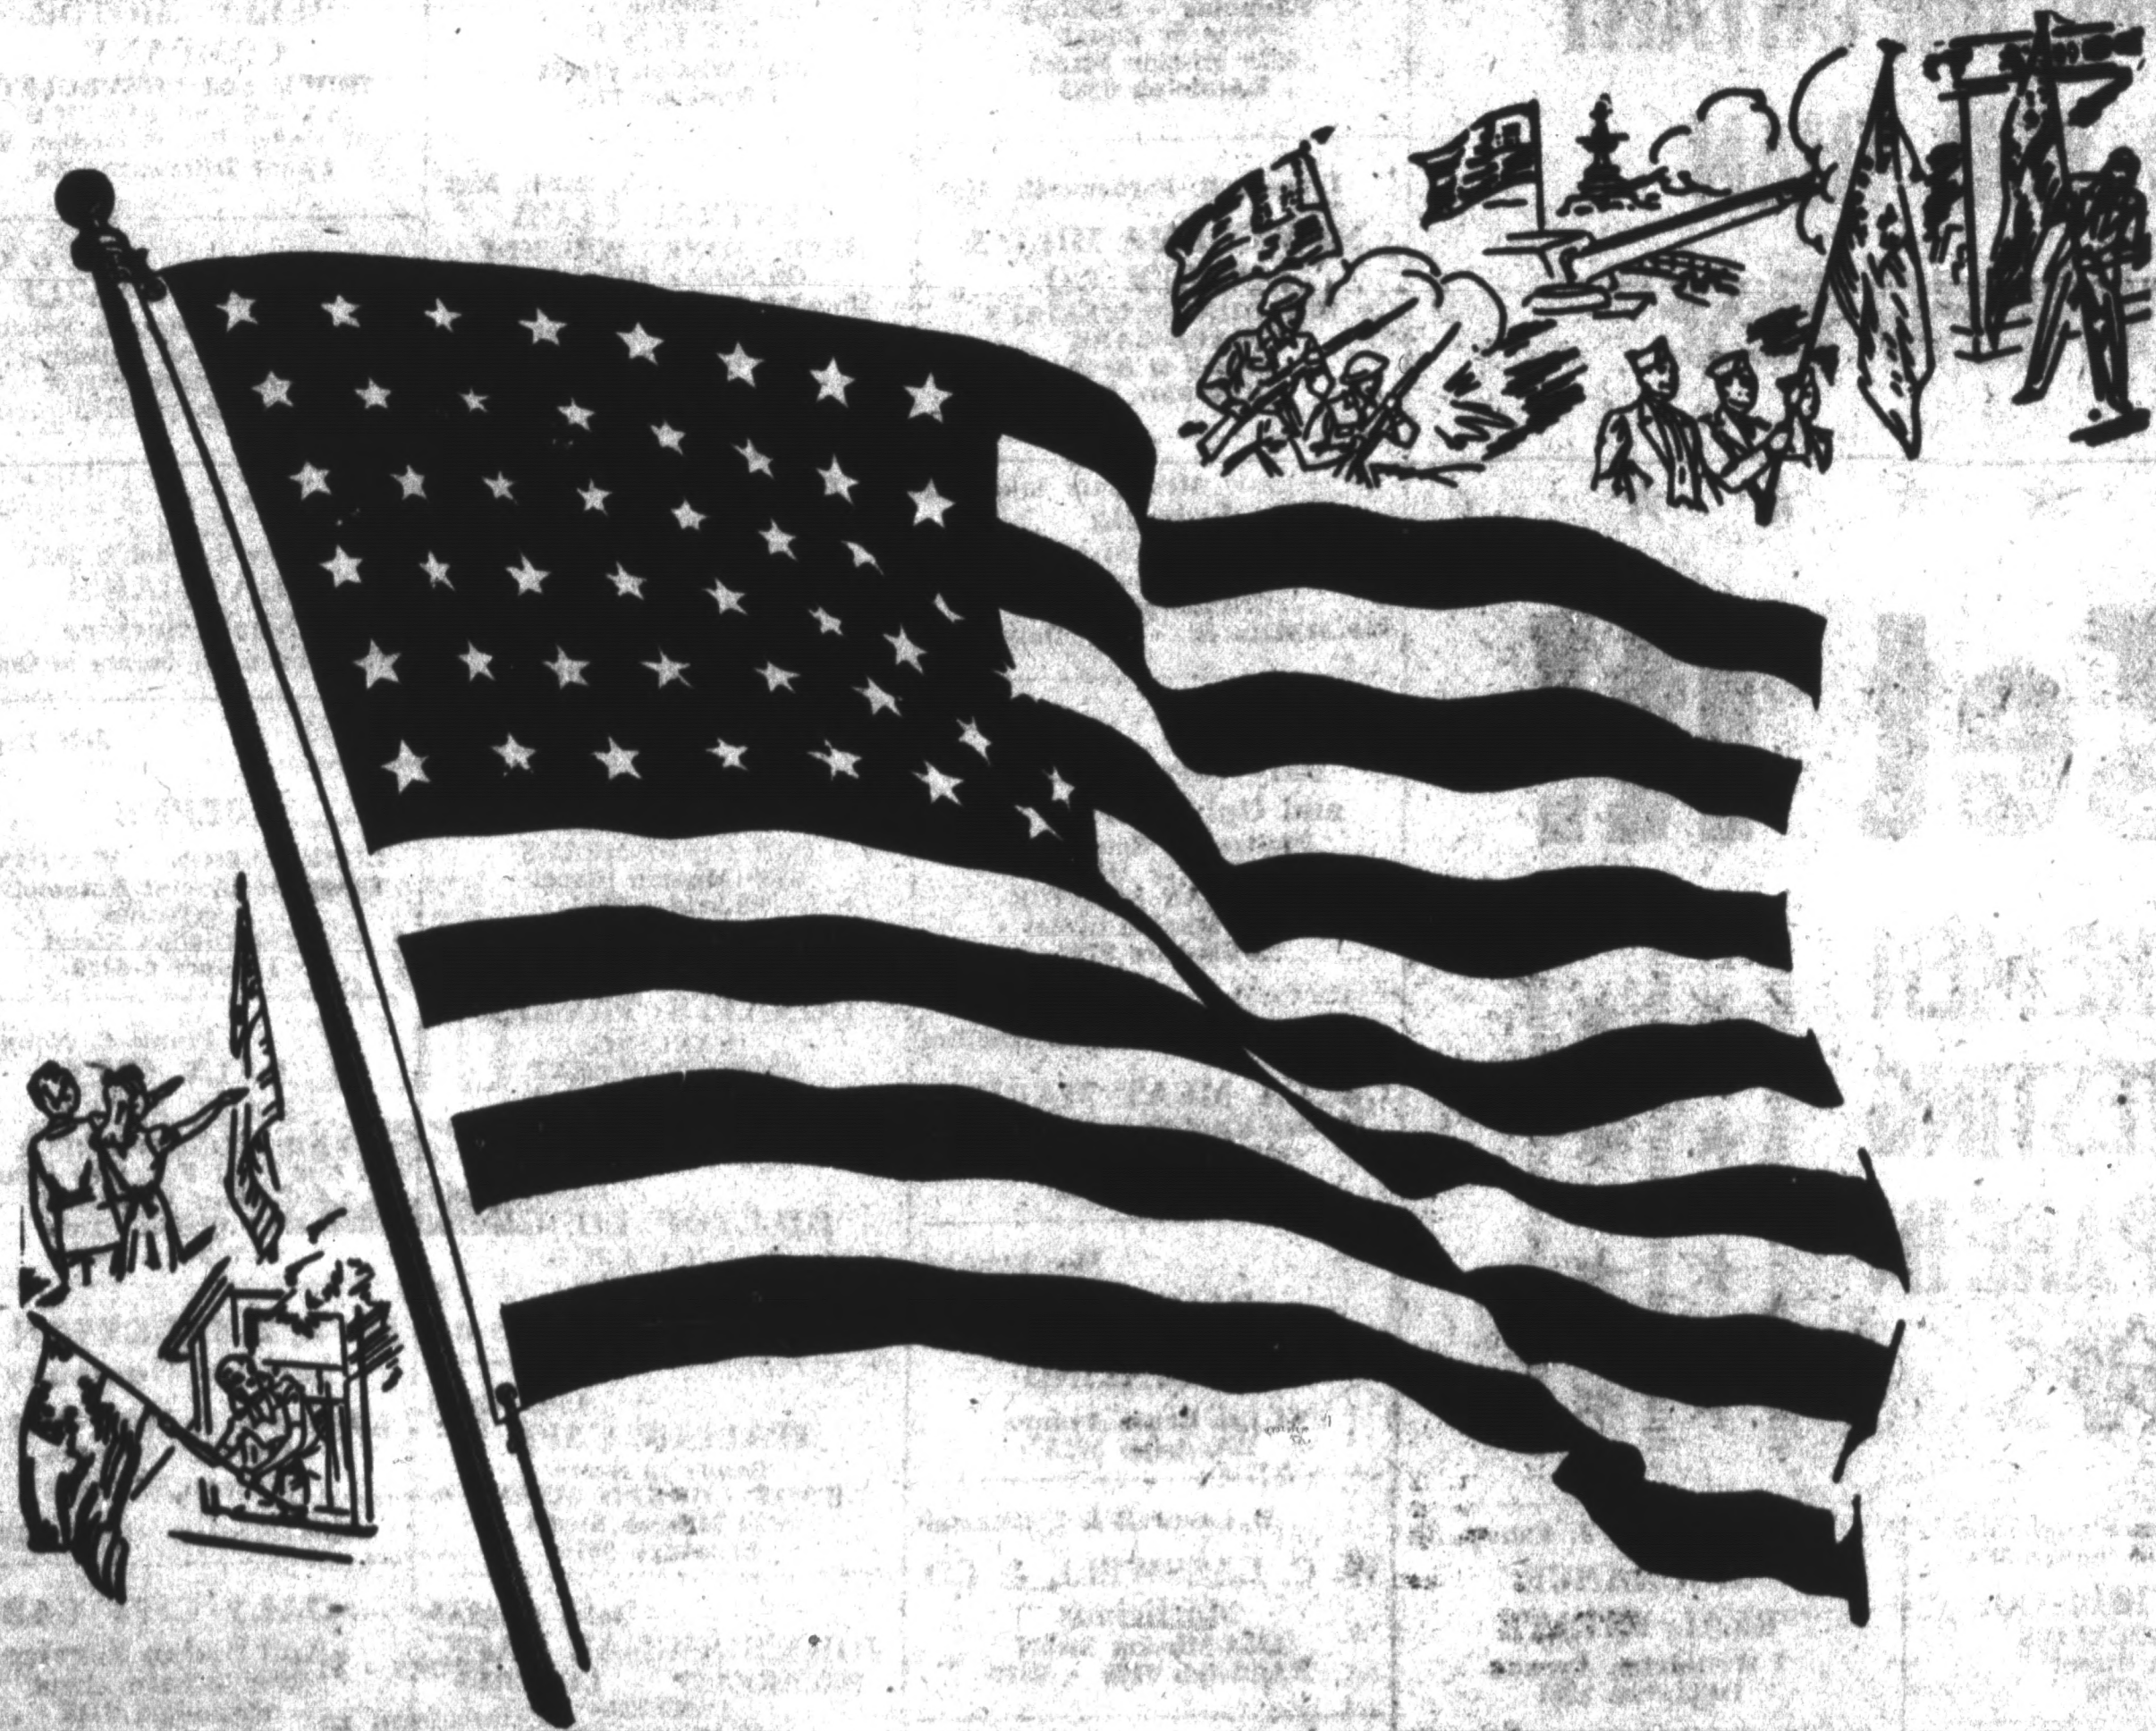

America's women are being called upon to make a new war contribution with their knitting needles.

They are being asked by United Seamen's Service to knit warm wool watch caps for merchant seamen who, in wintry seas, run a gauntlet of torpedoes and bombs to deliver munitions to allied fighting forces all over the globe. "We earnestly hope that women

throughout the nation will turn to with a will and knit the much-needed watch caps," said Philip Ketchum, west coast director of USS.

Directions for knitting the seamen's caps may be obtained by writing to United Seamen's Service at 564 Market street, San Francisco. Volunteers who respond to the USS call should be prepared to furnish their own wool as part of their contribution, Ketchum said.

Feeding family for health and strength is simple with this plan

says Dorothy Greig

Baked Chicken Leaf with Chicken Gravy is main dish for well balanced meal.

ONCE you get the hang of it, it's easy to plan the kind of meals that make your family strong and vital. The plan is this:

A quart of milk every day for each child—a pint for each grown-up. That counts in the milk used in cooking, for soups, custards and so on, as well as that served over cereal and fruits, and the milk you drink.

At least three or four eggs a week for everybody. Here again include the eggs used in cooking.

Tomatoes, oranges, grapefruit or raw cabbage or salad greens—every day serve at least one of these. A big glassful of tomato juice for breakfast, for instance, is one way to supply this requirement.

Meat, poultry or fish every day. Well, dinner takes care of that item. Whole grain products. That's your morning cereal, whole wheat and enriched white breads.

Vegetables and fruits. Eat them raw, eat them cooked. But serve them in abundance and every day. Butter (or enriched margarine) is a daily must, too.

Easy, isn't it? These are the grand foods we all enjoy. When they are included in the day's meals we can forget about vitamins, minerals, proteins and the like—because we'll be getting them.

The baked chicken leaf has fine savory flavor and notice that it calls for milk and eggs:

*Baked Chicken Leaf with Chicken Gravy

2 cans condensed chicken soup
2 tablespoons butter
2 tablespoons chopped onion
2½ cups ground chicken
2 cups soft bread crumbs (lightly toasted)
1½ teaspoons salt
¼ teaspoon pepper
1 cup milk
3 eggs

Strain the chicken soup and save the broth for gravy. Cook the onions in butter until soft, but not brown. Then combine onions, ground chicken, toasted bread crumbs, chicken and rice (strained from the soup) seasonings, milk and eggs; then mix well. Put into a buttered loaf pan (8½ x 4½ x 2½") and bake in a moderately hot oven (375° F.) for 1 hour and 15 minutes. Serves approximately 6.

Chicken Gravy:

2 tablespoons chicken fat or butter
2 tablespoons flour
1½ cups chicken broth (strained from chicken soup)

Melt the fat in a pan, add flour and cook until frothy. Then add chicken broth and cook until thickened. Makes approximately 2½ cups gravy.

HIDE YOUR LIGHT

This year it's "hide your light under a bushel," announces the Outdoor Christmas Tree Association of California, which points out that despite the general ban on outdoor illumination we can still have plenty of cheering holiday light inside.

"We can still have a bright Christmas," the association's statement reads, "and at the same time conform strictly to government limitations on both holiday lighting and the use of critical materials."

FOR THAT WAAC

In selecting Christmas gifts for your friend or relative who belongs to the WAAC, thought should be given to her off duty hours when she is allowed to wear civilian clothes, corps officials said.

Suggestions include a makeup box large enough to hold small articles, so that the WAAC's foot locker is always neat. Cookies and candy are always welcome, for WAAC's like soldiers are always hungry.

Then too, cigarette cases to fit in a shirt pocket, cases for lingerie, traveling irons and money belts are most welcome gifts.

May Apply For Car Plates By Mail

Mail applications for 1943 license plates may now be forwarded to the Department of Motor Vehicles in Sacramento, by Daly City vehicle owners, according to announcement today by Acting Registrar, Thomas V. Maloney.

Receipt of word from the Norris Stamping and Manufacturing company of Los Angeles that sufficient steel will be available for deliveries of a portion of the 1943 "tabs" in January will make it possible to open all offices for renewal on January 2, as hitherto, Maloney said.

Persons applying for plates on and after that date will be given serially numbered receipts. Plates will be mailed to them as rapidly as they are available.

Applications received by mail will be handled in the same fashion, Maloney said. The amount of the fee due is shown in the lower left hand corner of the 1942 registration card.

Stress Importance Of Home Gardens

The recent W. P. B. order setting aside half of the 1943 pack of canned fruit, juices and vegetables for military and lend-lease needs emphasizes the importance of home gardens and home preservation of food, according to Agricultural Commissioner Max J. Leonard. Every Victory Garden, whether on a farm or in town, adds just that much to the total food supply of the nation and relieves pressure on commercial production and transportation facilities, Leonard pointed out. Because of the climate here, San Mateo county residents are more favorably situated for the raising of winter gardens than those living in more northern climates.

Government bulletins and other valuable advice and information on farm gardens may be obtained by writing to the Extension Service, College of Agriculture, Berkeley, California. At a later date, Leonard disclosed, the county Home Food Production committee hopes to put in a supply of these publications for local residents.
